Beta-Amyloid(1-40,1-42), Human

ATTENTION: SDS COORDINATOR / PRODUCT PURCHASER

The product listed on this page is **not classified as hazardous** at product concentrations, due to its physical and/or chemical nature and/or concentration in solution, in accordance with OSHA regulations and European Union Directives.

A Safety Data Sheet (SDS) is not required for products and components classified as non-hazardous. Despite the classification of this product as non-hazardous, we recommend using good laboratory practices, safety procedures, and precautions in handling and storage of all products. Precautions should include the use of personal protective equipment and avoiding unnecessary contact.

For additional safety information, or if you have any questions, please contact BioLegend at 1-800-223-0796. Thank you for your concern for the safe use of our products.

Disclaimer

The information and hazard status pertaining to the BioLegend products, as identified, is believed to be from sources which we believe are reliable. However, the information is provided without any representation or warranty, express or implied, regarding its accuracy or correctness. Final determination of suitability and safe usage of this product is the sole responsibility of the user who is obligated to review this data in the specific context of the intended use and determine applicability.
